A NEW DECADE - HOPE

Day lights gray light shadows the band
Life sleeps among the ordorous rank
Breath, Breath multiplies troubles day never minding
For whom a farce to play

The obese bellies of courage rise and fall
The pious goes pray to a bloodless wall
Breath, Breath multiplies troubles day
Some love sweetly in a hole far away

The skin of self pride tom from the flesh
The red river flows into untold mesh
To live to hope, never minding far
Deaths sweet voil

BOARD OF EDUCATION

LEFT TO RIGHT: Neil Parsons, Bill Wright, Ed Hankinson, William Stallings, John Brooks.

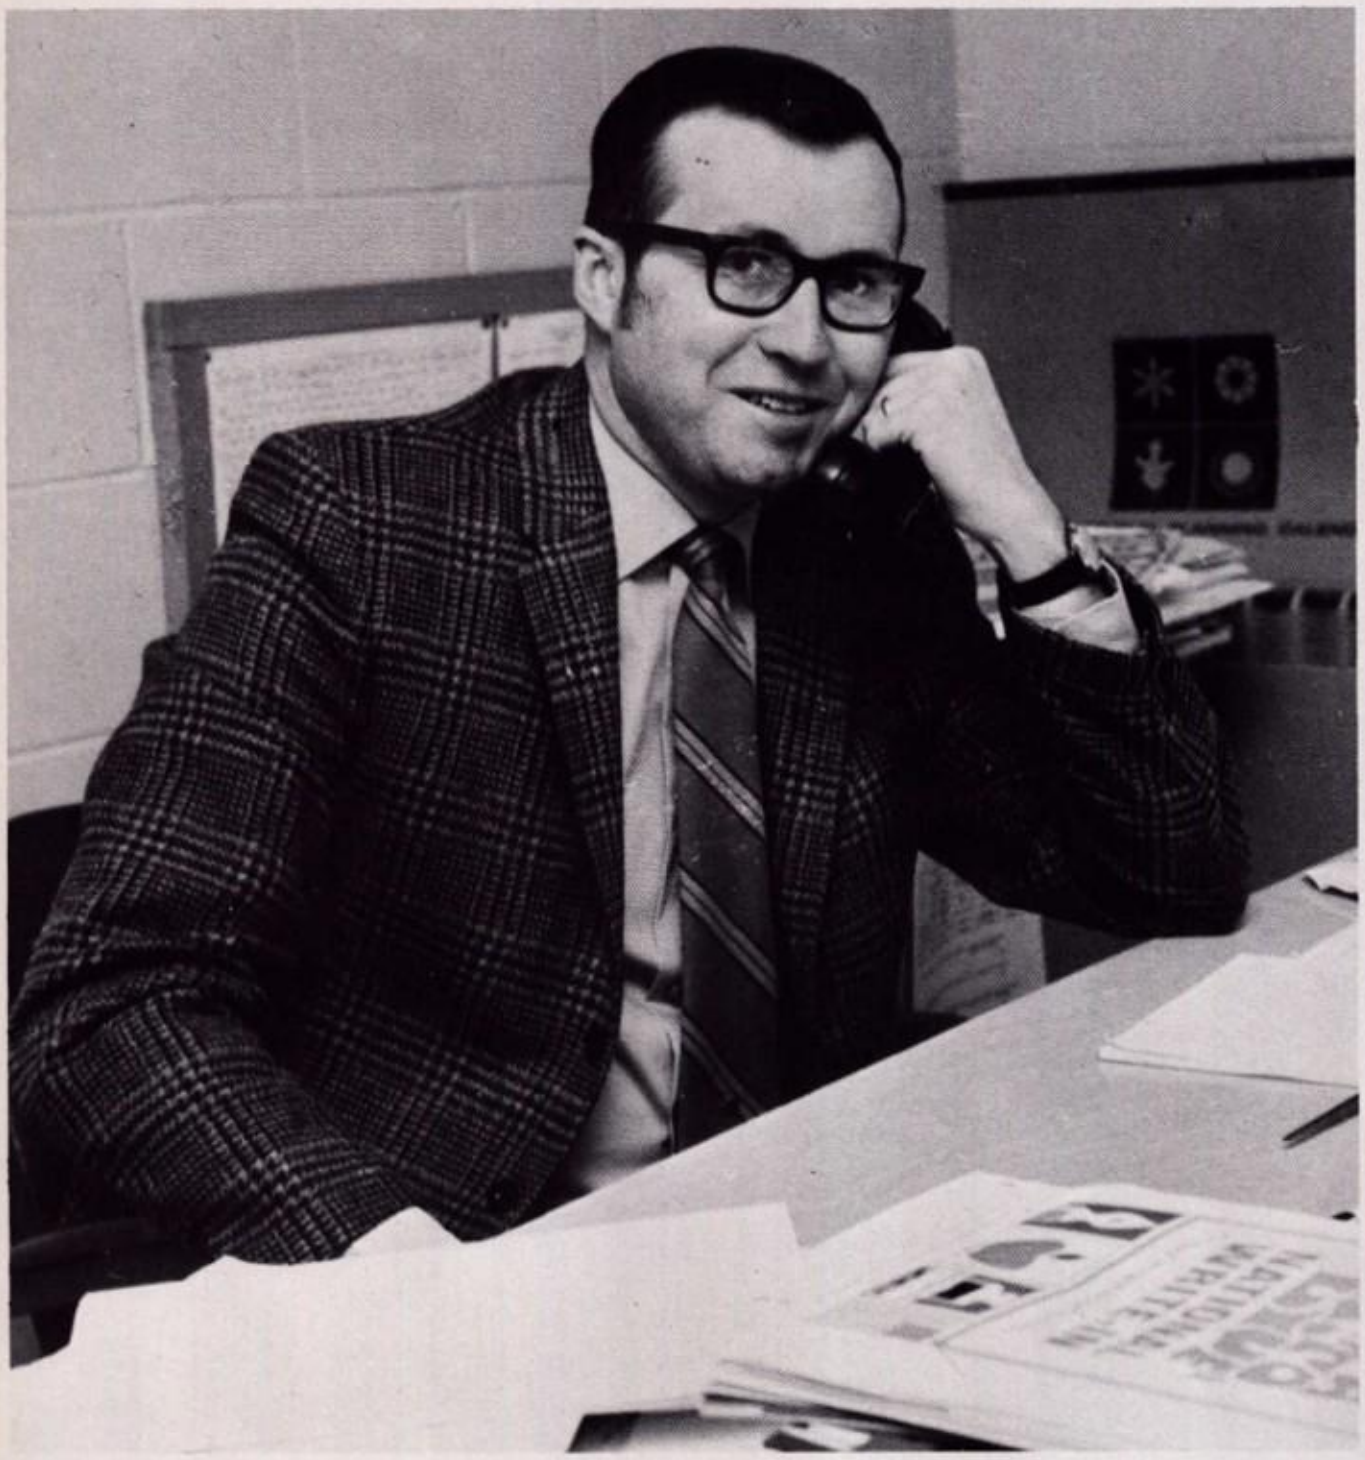
"THE CONCERN OF EDUCATION SHOULD FIRST BE OF THE CHILDREN"

LOCAL SUPERINTENDENT

CONGRATULATIONS TO THE GRADUATING CLASS OF "1970"

Leadership in a graduating class does not spring from the group; it springs first from the individuals within the group. There are in every graduating class men and women with great talents. Perhaps there is within this class persons who will dedicate themselves to build a great community which in turn will build the great state and the great nation, and finally the great society for all mankind.

HIGH SCHOOL ADMINISTRATION



PRINCIPAL'S MESSAGE

When Neil Armstrong trod on the moon he did indeed launch man into a whole new era. Untold numbers of seemingly insurmountable obstacles to man's advancement tumbled with that first step on the lunar surface.

Education and technology put us on the moon. It is this same education and technology that will provide countless opportunities, for those who are prepared, to live more rewarding lives.

We hope you acknowledge the values and obligations of an education; widen its base and never stop building upon it.

Best of luck in the future.
